

# Wild Smile Club

## Bankhead and Firth Orthodontics P.C.

**Q:** What did one eye say to the other?

**A:** Between me and you, something smells.

**Q:** What has cities without houses, rivers, without water, and forests without trees?

**A:** A road map.

### Frozen Pudding Pops

Ingredients:

½ Cup Pudding Mix

½ Cup Light Cream

10 Popsicle sticks or molds

Prepare pudding according to instructions and just before cooling, stir in the light cream. Pour into small cups or popsicle molds and freeze until slightly mushy, about 1 hour. Insert sticks and freeze until firm. Yield 10 pops

What is the **Wild Smile Club** ?

If your teeth aren't quite ready for braces yet, we still want to see you. We care about you and want you to feel like a part of our "family".

Building the perfect smile doesn't happen overnight and is more than just braces. It is a process that requires attention to detail and proper timing of treatment. We are committed to providing the best smile for you. We want to see you at regular intervals to monitor tooth development and growth changes and to insure that we start treatment at the right time.

Making your smile great is our number one priority.

### DID YOU KNOW?

A child should see a general dentist by the age of 3.

A child should have an orthodontic evaluation by the age of 7.

Parents should help children brush their teeth until the age of 9.

### Questions and Answers

**Q:** When will I get my braces on?

**A:** Your teeth are very important to us and we want you to have the best smile in the world. To do this we will start the braces as soon as your teeth are ready. Dr. Firth claims he can hear the teeth telling him when they are ready. 😊 Dr. Firth will tell you when you are getting close and help you count your teeth.
